international gastric cancer congress

AMSTERDAM

(7)-8-9-10 May

igcc2025.org

INVITATION FROM THE ORGANIZING COMMITTEE

The 16th International Gastric Cancer Congress will be organized on May (7), 8, 9 & 10 of 2025 and hosted in the Maritim Hotel in Amsterdam.

The International Gastric Cancer Congress, which is held every 2 years, has always been a place where all experts on Gastric Cancer come together to share and discuss the latest insights of diagnosis and treatment of this often deadly disease.

As the diagnosis and treatment of gastric cancer is multidisciplinary the congress focusses on all aspects involved. Therefore the congress is of interest for many specialists, like surgeons, medical oncologists, radiation oncologists, gastroenterologists, pathologists and radiologists.

In all of these disciplines new developments occur rapidly. New Gastroenterology techniques lead to earlier detection and better endoscopic treatment. New Radiology features lead to better staging, whereas new Surgical techniques, like sentinel node, laparoscopic and robot-assisted procedures, lead to less invasive operations and quicker recovery. New pathology techniques lead to a better definition of each tumor and give rise to targeted and other systemic therapies. Furthermore radiation therapies improve and are applied pre- and post-operatively and in palliative settings.

We expect to welcome between 1500 and 2000 participants from all over the world.

**Yours sincerely,
Congress President**

PROGRAMME AT A GLANCE

WEDNESDAY, MAY 7, 2025

- 13.30 Council Meeting
- 17.00 Opening Ceremony
- 18.00 Welcome reception

THURSDAY, MAY 8, 2025

- 07.00 Registration open
- 07.30 Sponsored breakfast symposia
- 08.30 Plenary session
- 10.00 Break
- 10.30 Parallel sessions
- 12.00 Poster viewing
- 12.30 Lunch break | Sponsored lunch symposia
- 13.30 Plenary session
- 14.30 Break
- 15.00 Parallel sessions
- 17.00 Drinks & bites
- 19.00 Presidential dinner

FRIDAY, MAY 9, 2025

- 07.00 Registration open
- 07.30 Sponsored breakfast symposia
- 08.30 Plenary session
- 10.00 Break
- 10.30 Parallel sessions
- 12.00 Poster viewing
- 12.30 Lunch break | Sponsored lunch symposia
- 13.30 Plenary session
- 15.00 Break
- 15.30 Parallel sessions
- 19.00 Gala dinner

SATURDAY, MAY 10, 2025

- 07.00 Registration open
- 07.30 Sponsored breakfast symposia
- 08.30 Plenary session
- 10.00 Break
- 10.30 Parallel sessions
- 12.00 Closing ceremony

ATTENDANCE

We expect to welcome over 1500 - 2000 participants at the 16th International Gastric Cancer Congress. The congress is of interest for many specialists, like surgeons, medical oncologists, radiation oncologists, gastroenterologists, pathologists and radiologists.
